contradictory

on a classic style.

- We have an army of over 7,000 craft beer loving Equity for Punks investors who all own part of our company.
- Punk IPA is the fastest growing alternative beer brand in the UK.
- BrewDog's beers are the epitome of pure punk. We brew uncompromising, bold and irreverent beer, beer with a soul and a purpose.

This 5.6% trans-atlantic fusion IPA is light golden in colour with tropical fruits and light caramel on the nose. The palate soon becomes assertive and resinous with the New Zealand hops balanced by the biscuit malt. The finish is aggressive and dry with the hops emerging over the warming alcohol.

This fresh, full flavour natural beer is our tribute to the classic IPAs of yester-year. The post modern twist is the addition of amazing fruity hops giving an explosion of tropical fruit flavours and a sharp bitter finish.
